PERSONAL PROFILE

Customer-focused professional transitioning into IT Support, offering strong troubleshooting skills and hands-on experience with Python, web applications, and system tools. Experienced in diagnosing and resolving complex issues in fast-paced environments, with a structured and analytical approach. Fluent in Japanese and English, able to support diverse users effectively.

KEY SKILLS

- Customer-facing support in high-pressure environments
 - Analytical thinking, debugging & structured problem-solving
 - Time management, prioritisation & team collaboration
 - Incident management & problem resolution
 - **Operating Systems:** Windows, Linux (basic troubleshooting)
 - **Programming:** Python (scripting, automation, web development, debugging)
 - **Web:** HTML, CSS, JavaScript, Flask, Jinja2
 - **Automation:** Playwright, GitHub Actions, CI/CD workflows
 - **Databases:** SQLite (CRUD operations, basic queries)
 - **Tools:** Git, GitHub, VS Code
 - **Concepts:** Networking fundamentals, REST APIs, authentication, data handling, secrets management
-

TECHNICAL PROJECTS

Library Book Renewal Automation – GitHub

- Built a fully automated system to renew library books across two platforms (Spydus & BorrowBox) using Python and Playwright browser automation
- Deployed on GitHub Actions with a daily cron schedule, managing secrets securely for multi-user credentials
- Debugged complex CI-specific issues including cookie consent handling, login flow behaviour, and print buffering in workflows
- Configured artifact uploads for screenshot-based debugging and environment-scoped GitHub Secrets

Horizon Intelligence – Space Dashboard – [GitHub](#)

- Developed a Flask & Jinja2 web dashboard integrating multiple public APIs: NASA APOD, EPIC, NeoWs, Launch Library 2, AuroraWatch UK, and ISS tracking
- Built interactive D3.js visualisations for live data; implemented REST API consumption and structured data rendering

Educational Apps Suite – [GitHub](#)

- Developed a suite of three Flask-based educational web apps for primary school children: Letter Quest (KS1 crossword), Word Wizard (phonics quiz), and MathDrill (arithmetic practice)
- Letter Quest features a custom grid engine with a 674-word JSON word bank across 22 categories, difficulty selection, and modular code architecture
- Word Wizard integrates Puter AI for natural British English text-to-speech with graceful fallback to the Web Speech API; includes letter-by-letter colour-coded feedback across 4 difficulty stages
- MathDrill covers four operations with age-appropriate difficulty levels, two question layouts, streak tracking, and session-based score persistence without a database

Café Wi-Fi Finder – [GitHub](#)

- Built a database-driven Flask application with full CRUD functionality using SQLite
 - Demonstrates structured data handling, route management, and basic query operations
-

PROFESSIONAL EXPERIENCE

Customer Relations Officer | Booking.com (Transport Division) | **Apr 2019 – Nov 2020**

- Resolved complex booking and third-party issues for Japanese & English customers
- Managed high-volume support cases while maintaining service quality
- Acted as key contact for colleagues requiring Japanese language support

Customer Service Representative | TLScontact, Manchester | **Jun 2018 – Apr 2019**

- Provided front-line visa applicant support and resolved technical queries
- Maintained high standards of service within a regulated environment

Person-Centred Champion / Support Worker | Precious Homes Ltd | **Nov 2016 – May 2018**

- Managed complex situations requiring structured problem-solving
- Coordinated with families, healthcare professionals, and external stakeholders
- Awarded Employee of the Month (March 2018)

Care Giver | Right at Home | **2013 – Oct 2016**

- Delivered person-centred care, administrative support, and high-quality customer service
 - Built strong relationships through clear communication and reliability
-

EDUCATION

Bachelor of Arts in Commerce (Information & Management Science)

Otaru University of Commerce, Japan | **2007 – 2013**

VOLUNTEERING

Institute for International Cooperation and Development (IICD) / Teacher Training College, Chokwe, Mozambique (Humana People to People) | Apr 2009 – Oct 2010

Completed an 18-month international volunteer programme, including a preparation phase in Michigan, USA, followed by a year teaching at a Teacher Training College in Chokwe, Mozambique.
